## Dallas Central Appraisal District

December 2024

It is my pleasure to present the Annual Report of the Dallas Central Appraisal District (DCAD). This Annual Report for 2024 endeavors to provide specific information about the operations of the DCAD. The report has been designed to provide the reader a summarization of information which is published and printed in many different formats by the appraisal district. It highlights the results of our appraisal operations, our taxpayer assistance programs, our financial stewardship, the appeals process, and statistical comparisons from the Property Tax Assistance Division Property Value Study.

The Dallas Central Appraisal District strives to be one of the premier governmental organizations in the State of Texas. The DCAD works hard to provide equality and uniformity to the citizens of Dallas County and the sixty-three entities represented who rely upon our work and expect our operation to be efficient, timely, and accurate. The DCAD also works with the State Comptroller's Property Tax Assistance Division to assure that school districts receive accurate appraisal values for setting the basis for school funding. Finally, the DCAD has a high commitment to customer service. We strive to serve greater Dallas County with professionalism and integrity in all aspects of our operations.

In 2024, DCAD once again successfully certified a timely and accurate appraisal roll and finished the year under budget. We believe it is our highest priority to not only efficiently serve our participating taxing units, but to humbly serve the citizens of Dallas County and provide an accurate and fair appraisal roll so that the tax burden can be equitably distributed.

I thank you for taking time to review this Annual Report and hope that you can gain insight into the operations of the Dallas Central Appraisal District.

Sincerely,

Shane Docherty  
Chief Appraiser/Executive Director

## DALLAS COUNTY MARKET VALUES

# APPRAISAL RESULTS

The appraisal function for Dallas CAD is segregated into 4 divisions - Residential, Commercial, Business Personal Property (BPP), and Property Records / Exemptions / Customer Service (PRECS). There are 134 appraisal registrants within Dallas CAD.

New Construction and miscellaneous permit statistics are based on building permits received from the cities in Dallas County that result in an inspection or office review. New Construction denotes a new improvement while miscellaneous permits typically include repair permits, finish-out permits, and demolition permits. Physical site visits typically occur on any building permit issued by a city that affects value as well as any property that was partially complete as of January 1 of the prior appraisal year.

The Residential reappraisal growth projections are based on those neighborhoods and properties that have been targeted for reappraisal. Neighborhoods targeted for reappraisal are based primarily on ratio study analysis – comparing sale prices to appraised values. Conventional Reappraisal is where an actual physical inspection takes place. Programmatic Reappraisal occurs in homogeneous neighborhoods where digital photography and aerial photography can be utilized in the valuation process as opposed to an actual physical inspection.

In the Commercial Division, Sales Processing, Income and Expense Processing and a review of all Sold properties identifies those areas (Land Market Areas and Improved Market Areas) and properties for reappraisal. This information is also used to assist Commercial in developing income models for the major property types - Office, Retail, Industrial, Apartments, and Hotels.

Business Personal Property targets all new businesses (Adds) and deletes businesses (Inactives) that no longer exist as of January 1. BPP reappraises all businesses on an annual basis and typically undertakes site visits on 33% of all businesses. BPP also values aircraft, special inventory accounts, leased equipment companies, utilities, and pipelines within Dallas County.

The Property Records / Exemption Division is responsible for updating all ownership changes and administers both partial and total exemption applications. PRE responsibilities also include processing Abatements, TIF's, Historics, Ceiling Tax Transfers, Agricultural valuations, property line metes and bounds changes (AFC) including setting up all new subdivisions.

# TAXPAYER APPEAL RESULTS

In accordance with the Texas Property Tax Code, Section 41.44, a property owner and/or an authorized tax consultant may file an appeal with the Appraisal Review Board (ARB) of Dallas County. The ARB schedules these appeals for protest hearings and notifies the protesting party of their scheduled hearing before the ARB. The ARB hears all of the protested property accounts and then approves and submits an appraisal roll to the Chief Appraiser. The protest process begins around April 15 and concludes by July 20 of each year. The Chief Appraiser of the Dallas Central Appraisal District (DCAD) then certifies the appraisal roll to the 63 taxing entities of Dallas County who are served by the Appraisal District.

The ARB is a quasi-judicial body appointed by the County Administrative Judge. Members are charged with the function of providing an impartial review of the appraisal records prepared by DCAD. The ARB is empowered to equalize values of all properties in DCAD in relation to fair market value and hear taxpayer appeals through scheduled hearings for those who dispute their appraised value. The ARB members do not work for DCAD, but rather arbitrate between the taxpayer and DCAD in order to determine market value. Up to 120 ARB members may be appointed by the Local Administrative District Judge. For 2024, there were 115 appointed members.

The ARB keeps statistics on the appeals process tracking protests received, scheduled, heard or resolved. The number of ARB hearing panels tracks the hours of service by the ARB members in this process. The Appeals & Support Division of DCAD is the responsible party for this process. The Division consists of one Manager and 12 Team Leaders and Specialists.

Overall, of the 7,323 responses statewide, the property owners have a positive impression of the ARB process.

# FINANCIAL RESULTS

The financial results of the Dallas Central Appraisal District reflect the unwavering focus on conservative fiscal stewardship and optimal utilization of financial and personnel resources.

The financial process of DCAD is presented in two different publications – the approved Financial Budget and the Audited Financial Statements. The first shows what is planned and the second shows what actually happened. The Financial Budget must be presented to the Board of Directors and the participating entities by February 15 of each year. The Board of Directors holds at least one public hearing in April to receive input on the proposed budget which must be adopted by May 15. The Financial Budget outlines goals, objectives and programs to be accomplished; operating and maintenance expenditures by category codes; personnel breakdown with staffing levels and salary ranges; and a detailed schedule of capitalized equipment to be purchased. The Financial Statements are audited by a third party CPA in accordance with generally accepted auditing standards. The Board of Directors appoints a Budget and Audit Review Committee comprised of two members to review the budget with staff and report any findings or recommendations. The Committee also reviews the draft of the financial audit with DCAD's auditor to review any comments from the auditor's findings and receive any recommendations on the financial operations.

In fiscal years 2011 through 2013, Dallas CAD responded to the downturn in economic activity by reducing budgeted expenditures and personnel levels. Since then, we have seen increased sales and business activity which has necessitated increasing the subsequent budgets.

The audited financial statement of the Dallas Central Appraisal District for the fiscal year 2023/2024 reflects a year-end cash balance of \$664,550. This balance is distributed as shown to the right:

## CAD COMPARATIVE RESULTS

The 2024 data for this section will not be released by the Comptroller until the end of January 2025. Therefore, we are presenting the 2023 data.

Based on market value, the largest 10 CADs account for 56.84% of the total market value in Texas. The largest 5 CADs account for 40.7%.

The Houston area CADs (Harris, Fort Bend, and Montgomery) make up 17.8 percent of the State total market value, with the DFW area CADs (Dallas, Collin, Denton, and Tarrant) making up 23.6 percent, and the Austin area CADs (Travis and Williamson) accounting for 10.4 percent.

### 2022 Market Value:

	<u>Market Value</u>	<u>% of Total</u>
	<u>In Billions</u>	
Harris Total	785.6	13.05%
<b>Dallas Total</b>	<b>510.9</b>	<b>8.49%</b>
Travis Total	465.0	7.72%
Tarrant Total	385.4	6.40%
Bexar Total	305.1	5.07%
Collin Total	295.4	4.91%

Fort Bend Total	160.1	2.66%
Montgomery Total	126.0	2.09%
STATE TOTALS	\$ 6,020.1	56.84%

### BUDGET / LEVY COMPARISON:

A useful statistic is comparing the CAD budget to the total taxes levied by the taxing entities. It reflects how much it costs to generate a dollar of property tax revenue which, in turn, indicates appraisal and operating efficiencies. Dallas CAD has the lowest cost per tax levy dollar.

	<u>2023 Tax Levy</u>	<u>2024 Budget</u>	<u>% of Levy</u>
<b>Dallas CAD</b>	<b>\$ 8,575,228,409</b>	<b>\$ 37,006,000</b>	<b>0.43%</b>

# COMPTROLLER PTAD STUDIES

## ACCURACY OF APPRAISALS (2022 and 2023 Property Value Studies):

Beginning in 2010, PTAD has alternated between a Property Value Study (PVS) and a Methods and Assistance Program (MAP) review for each CAD.

Dallas CAD had its PVS in 2022 and the final results of the 2023 MAP review is now available. The charts to the right highlight the most recent data for the top 10 CADs for both the PVS and MAP.

The PVS has 2 purposes - to assess the median level of appraisal for each CAD and to determine the taxable value of property for each ISD for school funding purposes.

	<u>PVS Study Year</u>	<u>Median Level of Appraisal</u>	<u>Coefficient of Dispersion</u>
Harris CAD	2023	1.00	9.15
<b>Dallas CAD</b>	<b>2022</b>	<b>0.99</b>	<b>8.05</b>
Tarrant CAD	2023	1.00	7.80
Travis CAD	2022	1.00	11.53
Bexar CAD	2022	0.99	9.35
Collin CAD	2022	0.96	7.41
Denton CAD	2023	1.00	9.04
Fort Bend CAD	2022	0.98	9.40
Williamson CAD	2022	1.01	9.99
Montgomery CAD	2023	0.99	11.58

## 2022 and 2023 Methods & Assistance Program (MAP):

The MAP looks at 4 areas of importance which are shown to the right. These areas do not change from one MAP to the next but the number and requirements for the questions do. Presently, questions are tailored for three different tiers of CADs.

Since the 2011 MAP was the initial study for all CADs, the emphasis was on documenting what and how the major functions were accomplished. Were there written policies and procedures in place? Were statutory requirements properly documented?

<u>CAD</u>	<u>MAP Study Year</u>	<u>Governance</u>	<u>Taxpayer Assistance</u>
Harris CAD	2022	MEETS ALL	MEETS ALL

Williamson CAD	2023	MEETS ALL	MEETS ALL

The 2021 MAP focused upon proper documentation to verify that the "walk matches the talk." Are we properly following the written policies and procedures? Are we training our personnel to be effective and efficient in the administration of the appraisal and customer service functions?

The subsequent MAP reviews have focused on these areas in even greater detail.
